Dear Ms. Baughman,

As you are likely already aware, Xerox/ACS has announced that its customer service operation in Lewiston will close later this year. This will leave their approximately 140 employees without work on October 31, 2016. We are concerned for the well-being of these skilled employees, who will be losing their jobs through no fault of their own.

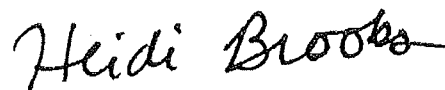

We also understand that employers – companies like yours – are facing increasing difficulty in finding job applicants with the skills you require in a tightening labor market. It is our hope that these displaced workers can find new employment within your company, bringing some good from this unfortunate situation for both your business and these workers.

We would like to offer any help we or our staffs can provide. It is our hope that we, Lewiston's CareerCenter, and Maine's Department of Labor can all work together to help our neighbors and our community. Please feel free to reach out to our offices at (207) 287-1515 or (207) 287-1430 if we can be of assistance.

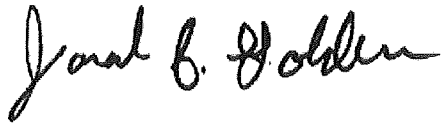

Sincerely,

Nate Libby
